Sun. Oct. 26, 2014: Trails Day:

Kanata Nordic's first social event of the season is Trails Maintenance Day. All members and prospective members are welcome. We need help cleaning up debris along the trails and cutting branches and underbrush. It's a chance for all to get some fresh air, exercise and meet old and new ski mates. This is mainly an event for adults and teens, there will not be any jackrabbit events/refreshments this year.

Time: 9:00 am - 12:00 pm

Place: YM-YWCA Bonnenfant Outdoor Centre, 1620 Sixth Line Rd, in the main parking lot.

What to wear: gloves, sturdy shoes or boots, long pants. There is poison ivy onsite, so be sure to cover up and launder clothing when you get home.

What to bring: clippers or snippers, handsaw.

RSVP: If you want to help please email Gene (trails@kanatanordic.ca). For more information visit www.kanatanordic.ca.
